

Bethel Park Elementary

Literacy Plan

Bethel Park Elementary (pilotED Schools of Indiana) utilizes Core Knowledge Language Arts (CKLA) curriculum for ELA instruction for all students (grades PK-6th). CKLA is a standards-based, highly vetted curriculum ([view EdReports analysis here](#)).

Any students K-6 that have been identified as at-risk, or demonstrate difficulty with the core curriculum, receive intervention services through Bethel Park's Multi-Tiered Systems of Support (MTSS) team. Classroom data and school-wide testing (DIBELS) is used to identify students. Coordinated by the Director of Specialized Services, interventionists pull students for targeted ELA instruction and support in specific needs.
